

## **Code of Conduct for Corporate Social Responsibility**

### **Preamble**

ZVEI and its member companies affirm their Corporate Social Responsibility as a part of their global business activities (internationally known as “CSR”<sup>1</sup>). “ZVEI’s Code of Conduct for Corporate Social Responsibility” (hereinafter called “CoC”) acts as a guideline in the industry, especially regarding working conditions, social and environmental compatibility, transparency, collaboration and dialog that is marked by trust. Developed and agreed to by ZVEI and its member companies, the content of this CoC is an expression of ZVEI’s collective core values as they are defined in ZVEI’s vision and mission statements and especially as they are affirmed in the social market economy.

ZVEI recommends that this CoC be implemented by the member companies. It is designed as a self-imposed obligation that can be signed by the member companies. By providing this CoC, ZVEI assists them in responding to different general conditions in a global market and in facing challenges and social expectations that come from intensified collaboration from within the value chain.

### **1. Basic Understanding of Social Responsibility in Corporate Management**

A mutual, basic understanding of social responsibility in corporate management forms the basis of this CoC. This means HARTING assumes responsibility by bearing in mind the consequences of its business decisions and actions on economic, technological, social and environmental levels and brings about an appropriate balance of interests. HARTING voluntarily contributes to the well being and long-term development of a global society at every point it can at the locations where it is in business. It is geared towards universally held ethical values and principals, especially integrity, honesty and respect of human dignity.

### **2. Where the CoC applies**

- 2.1 This CoC is in effect for all of HARTING’s branches and business units worldwide.

HARTING will proactively work to ensure that the values mentioned below are put into practice and adhered to both now and in the future.

#### **3.1 Adherence to Laws**

HARTING will abide by the laws in effect and other legal requirements of the countries where it is in business. For countries that have a weak institutional framework, HARTING will carefully examine what good company practices from its home country should be applied to enable supportive, responsible company management.
